Subject: RE: Pre Treatment Plant List
Attachments: NPDES Facilities with Pretreatment Programs - 7-21-17.xlsx; Public Report Instructions - Contact Info.doc

Hi Alex,

Per our phone conversation, attached is a list of facilities with pretreatment program in California. In addition, I have also provided instructions on how to use the California Integrated Water Quality System (CIWQS) public report tool to locate contact information for these facilities.

You may have already done this, you can use US EPA's Enforcement and Compliance History Online (ECHO) system (<https://echo.epa.gov/facilities/facility-search?mediaSelected=cwa>) to identify facilities with pretreatment programs in the US. Select the state and "pretreatment" for the pretreatment component.

Please let me know if you have any questions.

Thanks,

-Gil Vazquez, P.E.

Subject: Pre Treatment Plant List

Gil

Thank you for your help, wow !

A list of WWTP's that have a pre-treatment program in place; and then how to contact them; is exactly what we and the dental offices in CA need.

Much much appreciated

Alex
